Ash Wednesday - Daily Reflections Thursday

Find a windowsill in your home where you can set a small planter. Plant some seeds in potting soil and watch them . Consider how God might be calling you to growth during this Lenten season. What changes might God be calling you to make during these forty days? How might you be called to repentance during these forty days? As you tend to your seedling, consider your journey each day.

Friday

Spend ten minutes today doing some research into how you might compost in your setting. What sort of compost bin would you need in your kitchen, your yard, your apartment? Would composting be a viable option in your home? How can we reduce our impact in landfills, taking better care of God's creation, through the practice of composting? If you have a garden or lawn, how might they benefit from your compost?

Saturday

Dust

From dust I have come,
to dust I will return.

Scientists tell me
most elements in my body
have come from a star.

I am literally stardust.

So, what else can a Creator like that do?
